Professor M. Rostovtzeff,  
Yale University,  
New Haven, Conn.

Dear Professor Rostovtzeff:

It gives me very great pleasure to advise you that at the meeting of the Council of the American Numismatic Society, held yesterday, you were proposed as an Honorary Fellow of the Society and unanimously elected.

This course was decided upon, as our President, Mr. Newell, pointed out, not only because of your numismatic publications but because in the volumes published by you which did not relate strictly to coins, the monetary issues are given their proper weight as evidence, instead of being disregarded as they are by so many historical writers.

I trust you will give us the pleasure of welcoming you at our Museum sometime when you are in New York and showing you the resources of our collection and Library, which are henceforth at your disposal.

Very truly yours,

Secretary
